

## **Biographies**

**Don C. Muir, Chief Executive Officer, President.** Mr. Muir has successfully launched or provided turnaround leadership for five companies as a Director or Senior Executive within the IT, healthcare and service sectors including a \$38 million subsidiary for SIUH Systems in New York. As an Account Executive with FCG Inc. he negotiated, secured and managed a \$125 million full IT outsourcing agreement with a large academic healthcare system in Ohio. Mr. Muir holds an MBA from the University of Florida and a B.S. from West Chester University.

**Gregory L. Drenik, Chief Operating Officer, Executive Vice President.** Mr. Drenik is a Certified Indoor Environmentalist with over 23 years experience in environmental testing and remediation. During the past 12 years, he has built another successful company that manufactures disinfectants and hand sanitizers. He is regarded as an expert in the field and is responsible for the development of MicroArmor's proprietary products. Mr. Drenik is a graduate of Cleveland State University where he earned a B.S. in Business Administration, and an Associates of Science degree in Biology from Lakeland Community College.

**Waleed Alabsi, Partner/Owner.** Mr. Alabsi has many years of international business experience, especially in the countries of the Middle East. Fluent in Arabic, he is well-versed on Middle Eastern business etiquette and protocol. With 15 years of professional high-level negotiations and sales in both private companies and government, his true expertise lies in bringing people together from one part of the world to the other. Waleed is proud to be part of the MicroArmor family and looks forward to making a difference in the lives of people globally.

**David Knott, Partner/Owner.** Mr. Knott brings three things to everyday business: quality, integrity and trust. He has an enthusiastic ability to inspire and motivate people to achieve great things. With thirty four years of experience both locally and internationally, his ability to create dream teams has helped his clients take their projects from a concept to reality with stellar results. David is extremely detail-oriented and is always willing to go the extra mile to make a customer happy. He looks forward to introducing the world to cutting-edge MicroArmor products.
